How to Win Points in Pickleball: Target Practice

Hosted by Bob Snyder / Supported by USSP & Humana

Playing pickleball is easy—winning points is the real challenge.

Join Bob Snyder for a focused, one-hour session designed to help you play smarter and win more rallies. This clinic will emphasize shot placement and strategy over power, teaching you how to control the game instead of just reacting..

You'll learn:

How to hit effective angle shots

Drop shots off the serve

How to use the middle zone to create winning opportunities

Why placement and accuracy beat power every time

"Banging" the ball is easy—but precision is what wins points,

This free, one-hour session is perfect for players looking to elevate their game with practical, on-court techniques.
